

ENVI[®] 3RD GENERATION WALL-MOUNTED ROOM HEATER

INTRODUCING THE NEW 3RD GENERATION OF THE WORLD'S BEST WALL HEATER!

The new and improved design provides better convection, upgraded controls, all wrapped in a beautiful modern and sleek new look.

The Envi Heater is an electric, wall-mounted panel heater that costs as little as 4 cents per hour to run. It is ultra-safe, simple to install, and easy to use. The patented "stack convection" technology creates natural convection by gently drawing air through the heater. It is totally silent as it comfortably warms each room without noisy fans or moving parts.

- ✓ **NEW Patented "Stack Convection Technology"**
- ✓ **Safely Enclosed and Cool to the Touch**
- ✓ **Fanless, Healthy Heating**
- ✓ **NEW Improved Adjustable Thermostat**

PRODUCT SPECIFICATIONS

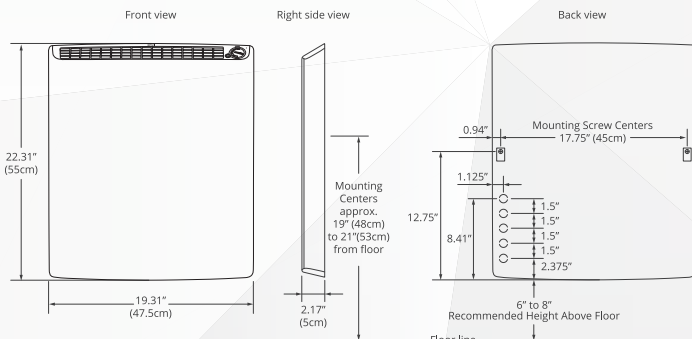

Model Number	LE5012P	LE5012D	LE5022D
Plug-In with Thermostat	✓		
Hardwired with Thermostat		✓	✓
Voltage	120 Volts	120 Volts	220 Volts
Amps	4.17 Amps	4.17 Amps	2.27 Amps
Power Rating	500 Watts	500 Watts	500 Watts
Unit Size:	19.3in W x 2.2in D x 22.2in H (49.0cm x 5.6cm x 56.4cm)		
Cordset/Power Cord:	6ft long with NEMA 5-15 Plug 12in long, 3 wires/pigtail ends		
Net Weight:		10 lbs (4.5 kg)	
Packaged Wt:		12 lbs (5.5 kg)	

SAFETY LISTINGS

Conforms to UL Std:	UL 2021
Cert. to CAN/CSA Std:	C22.2 No. 46
Conforms to IEC Std:	60335-1 & 60335-2-30

DIMENSIONS

ECONOMICAL

- Extremely economical, costing as little as 4 cents per hour to run. Turn down your central heat, then create heating zones where and when you need them!
- Save up to 50% or more on your heating bill.
- Only draws 4 amps – equivalent energy usage as 4 to 5 light bulbs.
- ENVI-ronmentally friendly solution to replace high wattage, inefficient heaters or central furnace.
- 100% Pure Convection heater, minimizes heat loss through walls.

SAFE

- Safely enclosed and "Cool to the Touch" Front panel is only 90°F compared to other heaters which exceed 200°F.
- Wall-Sens™ switch safely cuts power if heater is ever removed from the wall.
- Designed for safe 24/7 use all winter long!
- Built-in Thermal Cutoff feature.
- Ultra-safe for home and commercial use around children, pets, and the elderly.

SIMPLE & EFFECTIVE

- Mounts to the wall in minutes with no power tools required.
- "Set It and Forget It" operation with simple controls.
- Draws cold air from the floor through natural convection then gently circulates warm air throughout the entire room.

HEALTHY HEATING

- No built-in fan so it doesn't circulate dust and allergens.
- Does not dry out the air, promoting a cleaner, healthier environment for allergy sufferers and those with respiratory problems.
- Stop using your forced air furnace and say goodbye to unhealthy ductwork.

LOW LIFETIME COSTS

- No moving parts to wear out and replace.
- Eliminates furnace and duct work additions.
- Can be installed by the homeowner.

FEATURES & BENEFITS:

- All new model with new and improved design and features!
- Made in America with 3-Year Warranty.
- NEW! Improved adjustable thermostat even simpler to use!
- Wall-Sens™ Technology, safely cuts power if the heater is removed from wall.
- Internal "Locking Bar" locks heater to the wall with included allen key.
- Cord storage inside heater to tuck away untidy excess cord.
- Totally silent - no noisy fan - great for light sleepers and children.
- Auto-dimming power light for nighttime use in dark bedrooms.
- Easy Installation – no drill required; drywall and masonry anchors included!
- Sits flush to the wall, no walkway clutter - only 2 inches thin.
- Available in 120volt Plug-In and 120/220volt Hardwired Models.
- Eliminates hot and cold spots where central heat is ineffective.
- Complies with California Title 24 requirements and the Life Safety Code, NFPA 101 (2012).
- Complies with State and Local government regulations as a UL certified, permanently connected (non-portable) commercial heating unit.
- Suitable for residential and commercial applications such as child care and elderly care facilities; hotels, apartments, retreats, and government facilities.

"The ideal room heater!"

They didn't leave anything out with this heater - it is absolutely perfect. Incredibly easy to install, temperature control that works, silent, completely cool to the touch, great looks, cord storage, and an "on light" that dims in a dark room. We turn our furnace off at night and at the middle temp setting the envi keeps my son's 143sq ft (11'x13') room perfectly warm!
